Episode 1 Action Items

Episode Summary

Gain the ability to identify yourself as a professional leader and determine your personal definition of leadership.

Action Items

1. Identify yourself as a leader.

People don't follow a title, they follow people engaged in a process. What is your process, how are you leading?

2. Write your personal definition of leadership.

What are your actions? A good definition of leadership should be 2-3 action verbs.

3. Understand how people benefit from your leadership.

Be intentional. What is the benefit of being under your leadership?
