Episode 6 Action Items

Episode Summary

Gain invaluable insights into the coaching process and the top three priorities a leader should focus on to lead a company to success.

Action Items

1. Ask questions.

Ask the questions that will cause an organization to change the trajectory of how they look at their problems.

2. Listen to the answers.

Listen to your employees, listen to your partners, listen to your customers.

3. Simplify.

Most problems are problems because we try to complicate them to showcase our own brilliance.
