Episode 11 Action Items

Episode Summary

Discover how to turn conflict into creativity, harness your company's chaos, and empower your team to become a highly efficient, results-driven powerhouse!

Action Items

1. Identify the Conflict.

Where is the conflict around the most important issue? What you're not willing to face now, will defeat you later.

2. Give an Example.

Give those included in the conflict an example of where you see the conflict arise, how it makes you feel, what the conflict causes, and what is at stake if it is not resolved.

3. Admit and Affirm.

Admit the contribution you made to the situation and the conflict. Affirm and commit to a solution.
